bug is done and
at the stable, has
not been brought-
home because the
yard is wet. I have
not been off the
place since the
2nd of March and
then for only four
down town in the
street - I can
right home again.
It is well worth
quite a treat to
me when I can
ride some more.

Well it is Thursday
again and we are still in a
mess. I thought we would be
through with the bathroom
last Monday night - but Mr S
is still here at work; think he
will be through to night. It
has seemed to be a long job
and your father has got very
impatient over it. He took a
bath last night, and says that
it made him sick; that water
does not agree with him. I hardly
think I shall do anything more
to the inside of the house, after
the kitchen and bathroom are
painted and things put to rights
in them, till you come home.

We may possibly have the outside
of the house painted before. We
have been discussing the subject
of colors; your father wants it
painted as near like it was
before as we can get it. Frank
is still working for Gilbert, but
he is about through with him.
Ben went to ~~Oakdale~~ Tuesday to
put up some work expects to
be gone till Saturday or Sunday.
Emma G. is here; she is not well
to day. Mr Abbott and Frank came
last night and Mrs Abbott went
home with them this morning.
They were in here a little while
this morning before they started.
I had not seen Frank before for
nearly nine years, and if I had
met him any where else would
not have known him. They are
getting along very slowly with the
new house, and if they go into
it by the 1st of June they will
