

Stockton March 26-

Dear Alice:

Your last letter was received Monday. Emma J. has just left on the 12:30 train for Oakland. I sent the papers by her and also ten dollars so you can pay Mrs Spahr another months board. I think Aunt intends to go down the far part of next week and be there to go to the gymnasium with you Wednesday. Ben & C. J. have been here all the time since she came back. He intends to stay

at his father's now. They
are neighbors of ours
having moved into the
Smith house. It is cloudy
to day and looks as though
it would rain. I intended
to go out to ride this
afternoon and do some
errands, but think now
it will rain before I get
started. Your grandmother
has not recovered from
her cold yet - I think her
has been a case of genuine
la grippe. Your father is
complaining of rheumatism
in his leg. I have written
two letters to day before this
and that is a good deal for
me. Edith and Louisa and I
both ~~wrote~~ me a letter and
sent them by C. G. so this

morning I answered them.
This will be a short
letter, but I don't think
of any news to write and
you can see C. G. and
find out all she knows.

From your Mother
E. M. Watrous.
