

Mama & I went down town yesterday and took my last summer hat to Frits. They are going to line it and put on a thread and fix it up for \$4. Have some hats like mine just in.) Stockton March 11/11

Dear Alice:

As mama is writing today I told her that I would write a little too, if she would give me some paper and a pencil. I came home Tuesday eve. as I intended. Went all alone to see the Dr. and had no trouble finding the house. He said I was better already. I "came around" early this morning. I did not get up until late but am not in much pain yet. I have great faith in Dr Ward. Mama does not want her old battery fixed & does not want me to buy one. She wants me to ask my

doctor what kind of a one to get.  
Don't you know I believe she  
ought be cured now. She is so  
much better that it might be  
done. At her time of life too  
might help her. I am going  
to ask the Dr about it any-  
way. We are staying here now,  
sleeping in your bed too.  
Our floor is not dry yet and  
Ben's folks are moving so  
in case I should be in ill mama  
thought we better stay here.  
I do not know when I will go  
back. Not till my medicine  
gives out I guess. He charged  
me \$2 last time. I have hit  
Cunt Belle a half dozen tea-  
spoons with the initial "G" on it.  
They are same plate a Abbis  
and mine. Very pretty too.  
Well I will close & will see you  
before long. Yours in pain E. H. W.
