Dear Alice:-

I did not intend to write you this week, but think I will drop you a few lines, and tell you what Dr Ward said to C. J. He asked her what had become of that Sister of hers, and when she told him that you had been at home sick he said "That is too bad; her system is all run down and she will need to take medicine for some time". So perhaps he has paid more attention to you than you thought he had, and if you go back to him take the medicine he gives you regularly and faithfully whether you are feeling as you did when he gave it to you or not. I found you

ring and put-it-away. I
received a letter from Allie
and from Edith by the next
mail. Will send Allie's now
and the other the next time
if you want it. Your father
received a letter from
Mr. La Breyer this morning
he says he will be in Stoughton
next Monday or Tuesday.

In thank -
from your mother
Edith Watrous.

If not delivered within 10 days, to be returned to
