Dear Wife

Mom is at home. I was awaiting for you to write, and also for the money, but have waited in vain. Is he a going to send it or not. we are all well. The Fair is in full blast but I dont think it is any thing very extra so far as I have seen. I am having the house painted and pieces whitewashed. it is going to look very nice so they all say. why cant you come up with the girls and see it. we will treat you with the best we have. Emmy is very busy making her new dress. she has bought her a watch chain it is a very nice one it cost \$40⁰⁰. she is very proud of it

Yours truly
