Dearest Agnes

I received your welcome letter and was glad you arrived right side up with care. If it is all the same to you we will come up in the double carriage Monday night. Alice may come just according to how she feels. Don't work too hard just because your little boy is. Be sure and have the minister on hand and John and Dean get the license Tuesday. Hoping this finds my little baby in good health I will close

From your naughty little kid  
Fred W.

P.S. I guess this will be about the last letter you will ever get addressed to "Agnes Thomson"

If not called for in..... days, return to
