My Dear Fred,

I will try and write you to tell you what luck I had in finding the place I got to 32. St all right but it took me about half an hour to find the house after I got of the car and I was pretty near melted when I got here they were very much surprised to see me. It is real cool up here this morning when I woke up it was raining I like their place very much out here it has built up considerably.

since I was up here last  
and I think it will be  
a real pretty place when  
they get it all fixed.  
Now Fred I will expect you  
up Saturday and come on  
the morning train and I  
will meet you at the  
 Depot Well I have not  
been up here long enough  
to have any news to write  
about so I will close for  
this time with love and  
kisses from your little humble  
Agnes Thomson

now be <sup>sure</sup> ~~sure~~ and  
write soon and let me no if you will  
be up
