

Stockton April 6 1898

Dear Wife

Yours received in due time we are all well. I sent you a Postal in answer to your other letter. Strange you did not get it. Alice is worrying the life out of me to go to Catlam as I promised to take her some time next week. Suppose I will pare to do it. I think you can get along with her some how until Frank gets to keeping house.

Yours truly  
B. Watson
