Dear Wife

Your Son is at hand. I think he must have had a splendid time. He has lots to tell much more than I expected he would have. you know it takes him generally about two weeks before any one can get anything out of him. but this time he has plenty to tell about. we are all well and Sauey when shall I come for you. Fred said in about one month. let me know and I will be on hand. Yours truly Benj Watson
